

Creative Contributor
Career Opportunity

Dear Creative,

Artistic expression is our greatest human asset. At GANGGANG, we love creative innovation. We love the endless potential of design and photographs, illustrations, films and all kinds of communication and expression. The team at GANGGANG knows the power of the arts to challenge mindsets, to meet people where they are and to connect humanity.

To help communicate the breadth of our mission in a variety of artistic mediums, we welcome digital portfolios and letters of interest from graphic designers, writers, photographers, videographers, and more.

Creative **contributors** are engaged as independent contractors and consult with GANGGANG on a per project basis. Please include preferred work style, fee structure and general timelines.

Sincerely,
GANGGANG
